How to Connect an iPad to NCC's Wireless Network for Students

1. Locate and tap **Settings** app.

- 2.On the left-hand menu, locate and tap **Wi-Fi**. You should now see the Wi-Fi settings appear on the right hand side.
- 3. Make sure the Wi-Fi slider switch is set to **ON.** If it's on, you'll notice a list of Wi-Fi networks appear on the right-hand side.
- 4. Locate and tap the **NCC-STUDENT** Wi-fi network from the list. A pop-up window will appear asking for your credentials.
- 5.Log in using your **NetID Information.** This was given to you after successfully registering for classes at NCC.

6.Tap Join.

How to Connect an iPad to NCC's Wireless Network for Students

iPad 🗢	1:14 PM 83%
Settings	Wi-Fi Networks
Airplane Mode OFF	
S Wi-Fi NCC-STUDENT	Wi-Fi ON
Notifications On	Choose a Network Street
Location Services On	ncc-contractor
🙀 Brightness & Wallpaper	NCC-Emptoyee
Picture Frame	VNCC-STUDENT A ₹ 2 Other
General	
Salendars Mail, Contacts, Calendars	Ask to Join Networks
5 Safari	Known networks will be joined automatically. If no known networks are available, you will be asked before joining a new network.
iPod	

- 7.If successful, after a few seconds, you will see the **NCC-STUDENT** network highlighted in blue, with a check-mark next to it. This means you're now connected.
- 8. Please note: Because iOS devices are very similar, this process should work across all up-to-date iPods, iPhones, and iPads as well, but this cannot be guaranteed by NCC.
