

**Extended Studies & Workforce Education Division
Norwalk Community College
Emergency Medical Technician (E.M.T.)
Public Safety Career Program**

Students in the E.M.T. program will learn proper techniques in first aid, patient assessment, extrication, communication, HAZMAT and Terrorism awareness, and various other concepts to give a beginning basis for students to become an E.M.T. The course meets all National Registry and Connecticut requirements. Upon successful completion of the course, students will be eligible to take the National Registry exam. This course is offered in partnership with Norwalk Hospital and requires an extensive amount of reading and reading comprehension.

Students are required to:

- be at least 16 years old by the end of the course
- provide evidence of a physical exam performed within 12 months prior to the course start date
- complete EMS clinical time at Norwalk Hospital.
