

Norwalk Community College Continuing Education & Workforce Development Security Officer Certificate

Prepare for a career in the physical security industry. There are many opportunities in security and this certificate will demonstrate your commitment to going beyond the required minimum certification course to become a security officer. These courses are designed to prepare students for on-the-job situations and effectively manage duties and concerns. Students will also learn about helpful tools, resources and websites that provide more information about the security field and opportunities. Topics covered include, but are not limited to, introduction to private security, basic first aid, Connecticut laws and general statutes governing security officers, on-the-job situations and discussions, modern security threats and concerns, management, and effective communication skills. Students will receive a certificate of completion upon successful fulfillment of program requirements.
