

**Extended Studies & Workforce Education Division
Norwalk Community College
Security Officer
Certificate Program**

Prepare for a career in the security industry. There are many opportunities in security and this certification will demonstrate your commitment to going beyond the required, minimum certification course to become a security officer. These courses are designed to prepare students for on-the-job situations and effectively manage duties, concerns or problems. Students will also learn about helpful tools, resources and websites that provide more information about the security field and opportunities. Topics covered include, but are not limited to, introduction to private security, basic first aid, Connecticut laws and general statutes governing security officers, on the job situations and discussions, modern security threats and concerns, planning security for events, and effective communication and conversation skills. The certification program will consist of attending, completing and passing all courses and required testing.
